MINUTES OF THE MEETING

Pending Permit Applications Public Meeting
Southwest Florida Water Management District
January 3, 2018

Southwest Florida Water Management District (District) staff met for the Pending Permit Applications Public Meeting at the Tampa Service Office, Tampa, Florida, at 9 a.m. Brian Starford, Regulation Division Assistant Director, presided.

Staff Members Present

Brian Starford, Regulation Production Assistant Director

Recording Secretary

Justin J. Eddy, Staff Reg. Support Technician

A list of those present who signed the attendance roster is filed in the permanent files of the District. Minutes for this meeting, when available, are posted on the District's calendar at www.WaterMatters.org.

Mr. Starford called the meeting to order. The Additions/Deletions were provided to attendees.

Mr. Starford stated the purpose of this meeting is to offer the public an opportunity to express their opinions on pending permit applications listed on today's agenda prior to decisions being made on those permits. The intent of this meeting is to gather information from the public, not for the staff to discuss or debate the merits of the application. No decision on any pending permit applications will be made at this meeting.

The District uses its rules to evaluate an application to determine if the application should be issued or denied. Only those comments that are pertinent to the District's authority to evaluate a permit application will be considered by District staff during the review of the application.

Mr. Starford reviewed the scope of the District's permitting process, which provides reasonable assurance that a construction activity does not harm the environment. A District permit does not address the appropriateness of an activity, or whether or not that activity should occur. Those types of land use decisions are made by local governments, who have their own mechanisms for public input.

Mr. Starford asked if there was anyone present that had filled out a *Request to Speak* form who wished to speak to a permit listed on the revised agenda; there was none.

The meeting was adjourned at 9:05 a.m.

The following documents are attached to these minutes for the permanent files of the District: Revised Agenda (list of applications subject to public comment at this meeting) and Meeting Sign-In Sheets.

The next meeting is scheduled for Wednesday, February 7, 2018, 9:00 a.m., at the Tampa Service Office.
