

## **Statement of Sources and Uses of Funds For the Ten Months Ended July 31, 2014**

The attached "Statement of Sources and Uses of Funds" statement is provided for your review. This financial statement provides summary-level revenues (i.e., sources) and expenditures by program (i.e., uses). **This unaudited financial statement is provided as of July 31, 2014, with 83.3 percent of the fiscal year completed.**

This financial statement compares revenues recognized and encumbrances/expenditures made against the District's FY2013-14 available budget of \$353.5 million. Encumbrances represent orders for goods and services which have not yet been received.

### **Revenues (Sources) Status:**

- Overall, as of July 31, 2014, 92 percent of the District's budgeted revenues/balances have been recognized.
- As of July 31, 2014, the District has received \$101,546,672 of ad valorem tax revenue representing just over 100 percent of the budget. This is in-line with the ten month prior year collection rates of 100 percent for FY2012-13 and FY2011-12. The budget represents 96 percent of the tax levy based on the historical collection rate.
- Intergovernmental Revenues are recognized at the time related expenditures are incurred. For FY2013-14, \$3,949,701 in revenues has been recognized, representing 13 percent of the budget. From year to year, the budgeted amount of intergovernmental revenue compared to the recognized amount can fluctuate for various reasons; projects can be in the planning stages and have not incurred a significant amount of expenditures, or anticipated projects may be canceled (e.g., cooperative funding projects).
- The FY2013-14 interest earnings budget was based on a 0.75 percent expected rate of return. The District's investment portfolio at July 31, 2014, is earning a weighted average yield of 0.47 percent. For the ten months ended July 31, 2014, the District has earned 0.53 percent yield on its investments. Interest earnings on invested funds in the amount of \$2,345,566, have been recognized representing 63 percent of the budget.
- License and Permit Fees consist of revenue from water use permits, environmental resource permits, water well construction permits, and water well construction licenses. Revenue recognized represents 73 percent of the budget as of July 31, 2014.
- As of July 31, 2014, other revenue earned is 895 percent of the budget. Each year, items that fall within the "Other" revenue category are budgeted conservatively due to the uncertainty of the amounts to be collected. For example, revenues from timber sales, hog hunts, insurance recoveries and the sale of assets can vary significantly from year to year. The significant increase in other revenue is due to the sale of the Bartow service office for \$1.8 million.
- Fund Balance consists of balance from prior years (budgeted for the current year) plus fund balance associated with the ad valorem funded encumbrances that rolled into the current year.

## **Expenditures (Uses) Status:**

Overall, as of July 31, 2014, the District had obligated 78 percent of its total budget.
